Report

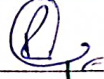

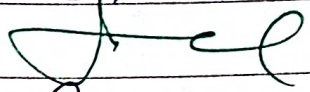

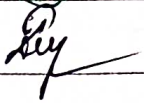

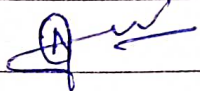

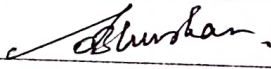

Seminar on the Relevance of New Education Policy in Designing Curriculum

The New Education Policy 2023 aims at the holistic development of students by integrating co-curricular activities, sports, arts and vocational education in curriculum. The main aim of the New Education Policy is to take education beyond academics and to bring forth well-rounded individuals. Keeping in mind these aspects Pandaveswar College along with the Internal Quality Assurance Cell of the College decided to organize a seminar on the relevance of NEP on 26.05.2023 in designing curriculum. Prof. Patit Paul, Asst. Professor in Education from Domjur College was invited to deliver his lecture on the same. The main area of discussion centered around – i) Inter disciplinary and multi lingual education ii) Promotion of a flexible curriculum iii) The need to nurture diverse skills etc. The seminar was attended by guests from neighboring schools and colleges. The institutions felt the need to adapt themselves to the changes brought in by NEP 2023. The seminar started around 11:00 a.m. and ended by 4:30 p.m. The guests engaged themselves into meaningful conversations with the speaker on the different aspects and nuances of NEP.
